## WORK EXPERIENCE

### SkillSphere

June 2023 - March 2024

- Transformed a static **HTML, CSS, and Bootstrap** website into a dynamic, interactive platform using **ReactJS**, enhanced **user experience**.
- Developed over **10 reusable React components**, optimizing frontend modularity and reducing development overhead by **25%**.
- Implemented **responsive design** principles resulting in a **20% increase** in website accessibility across various devices and screen sizes.
- Implemented over **20 RESTful API** calls within the React application ensuring efficient communication with backend services.
- Implemented **ReduxJS Toolkit** in a project, reducing overall codebase complexity by **20%** through optimized state management and utilizing **Thunk** middleware to handle **asynchronous API** requests.

## COURSES

### Almabetter Pvt. Edu. — Full Stack Web Development — MERN

November 2022 - November 2023

Project - Flashcard Generator [**Tech:** ReactJs, Redux, TailwindCSS]

## PROJECTS

### LinkUp Social Site — Tech: ReactJs, NodeJs, ExpressJs, MongoDB, TailwindCSS

- Reached the milestone of becoming a **full-stack web developer**.
- Explored the integration of **ReactJs, NodeJs, ExpressJs, and MongoDB**.
- Understood the basics of **APIs** and **routing** between server and client.
- [Live Site Here](#)

### Flashcard Generator — Tech: ReactJs, Redux, TailwindCSS

- Added the accessible **PDF** and **printing** functionalities to this app.
- Learned **front-end routing** and **navigation** through various pages.
- Reduced code complexity by **30%** with **Redux** for state management.
- [Live site here](#)

### Quickmart Ecommerce — Tech: ReactJs, Axios, Bootstrap

- Developed understanding of **API calls** in Frontend.
- Deepened my grasp of **E-commerce** website development.
- Engineered multiple functional pages like the **product** and **cart** page.
- [Live site here](#)

## SKILLS

**Tech:** ReactJs, NodeJs, ExpressJs, Redux, GitHub, Bootstrap, TailwindCSS, RESTful API

**Database:** MongoDB

**Languages:** Javascript, HTML, CSS

**Developer Tool:** VS Code

## CERTIFICATIONS

### Node.js & Express.js
